

Tutor Resources

Below is a list of individuals who have expressed an interest in tutoring students or adults. Although this list is being made available to you through psychological services and the parent education resource center, any employment and employee arrangements are separate and independent from Monongalia County Schools. As a result, all arrangements, including fees, locations, and times of services, are determined by parents/guardians/adult students with the provider chosen. Monongalia County Schools makes no assurances or assumes any liabilities that might occur through these separate or independent arrangements.

Name and Contact Information:	Certifications	Areas of Interest
