

Good afternoon Monongalia County. This is superintendent Dr. Campbell.

I want to take a moment to talk to you. We are in unprecedented times. And we know you have many questions, from Kindergarten enrollment to Senior graduation and everything in between. I want to reassure you that we are looking into all of this as we wait to see how this pandemic plays out. And as we reflect and try to plan for the uncertainty of these final weeks of the school year, we are making a calendar adjustment. Monongalia County Schools Spring Break will occur next week, Monday April 6th through and including Monday, April 13th. These dates will allow us to conclude the school year by the last week in May. I want you to use Spring break to focus on your loved ones. Put school aside. Spend time together doing fun and engaging family things. Our Arctic academy classes will resume on Tuesday, April 14th.

Please stay healthy and take the time to ensure the well-being of your family!
